Carinya on Bristol will be hatching their own chickens!! The chicken eggs and incubator are due to arrive on Tuesday 3rd of April, and will be set up in the foyer for all residents to view during the incubation and hatching process. Last year Bicton hatched their own baby chickens as part of the hatching program and the baby chicks were adored by all.

ANZAC Day

ANZAC day is Wednesday 25th of April however as this is a public holiday the Therapy department has arranged a commemoration service for Tuesday 24th of April at 11am. Bristol and Bicton will each have their own services with the President and Vice President from the Bicton RSL in attendance to make a speech and recite the ode. Prior to the commemoration service – ANZAC Biscuits will be served for morning tea, watch out on the TV for the special service held at the War Memorial in the ACT on Wednesday 25th of April.

St Patricks Day Entertainment

Residents from Bicton and Bristol enjoyed last's month's St Patrick's day celebrations with entertainment from the Barbershop Quartet and the Jarrah Celts as well as green afternoon teas and Irish coffees. We hope everyone enjoyed the program!! Below is a picture of the very Irish Jarrah Celts who performed some beautiful Celtic tunes for the resident at Bristol.

Mother's Day High Tea - Bristol

Bristol will be holding its annual "Mother's Day" high tea for Bristol residents and their families once again this year. Formal invitations will be given to residents and posted to their loved ones shortly. The Bristol Mother's day high tea is a yearly tradition enjoyed the Saturday before Mother's Day. This year's Mothers Day high tea will be held on Saturday the 12th of May.

Did you know!!!

The TCP area at Bicton has yellow markings on the floor that measure the meters you can walk in the hall. The markers are on the floor in yellow and run in 5 (0-5-10 and so on) These have been added to the floor following a suggestion made to Carinya, this gives the client residents a distance they can measure themselves against when they are walking.

Care Recipients Suggestion

Viv from Acacia made the fantastic suggestion of something he would love to see in the Acacia garden, Australian Native Microbat Roosting boxes! This suggestion will help with reducing Mosquitos and insects that seem to bother us most evenings. We have put the box in the Acacia garden, lets hope we see some little bats in the box soon!!! We always love implementing resident suggestion! Well done Viv.
